WHAT IS CROSS REGISTRATION

In 1972, the five founding private institutions of the Hartford Consortium for Higher Education (HCHE), opened their doors to allow students from each member institution to cross register.

Today, full-time undergraduates, graduate students and employees can study at any one of the 11 member institutions of HCHE.

There are more than 40,000 full- and part-time students enrolled in over 4,000 courses at HCHE member institutions!

HCHE MISSION

Since 1972, the Hartford Consortium for Higher Education (HCHE), through collaborative endeavors among higher education institutions, promotes optimal sharing of collegial resources, information, expertise and ideas; serves as a catalyst for innovative educational initiatives that respond to a changing education environment; encourages educational excellence across the lifespan; and asserts the role of higher education in the economic, cultural and social life of Hartford and the region.

HCHE VISION

Collaboration among HCHE member institutions will result in the Greater Hartford region being known for its vibrant college culture and recognized as a destination for college students.

HOW IT WORKS

Interested students and full-time employees can find a list of available courses on the HCHE website from each participating HCHE member institution

Cross Registration allows students and full-time employees to:

- * Ability to explore another member institution's campus

REGISTRATION FORMS

- * May be obtained from the office of the Registrar of *each* HCHE member college
- * Can be downloaded from the HCHE website
- * Students must be approved by their home Registrar and faculty advisor
- * Full-time employees must be approved by their Human Resources Manager
- * Some courses may have limited registration

NOTE:

- * Not all HCHE member institutions permit employees to use the tuition remission program that is a part of cross registration (see individual HCHE member websites for details)
